*Reasons for Allowance*

The following is an examiner's statement of reasons for allowance: The double patenting rejections set forth in the Office Action 10-22-2003 are hereby withdrawn in response to the arguments for reconsideration received 12-22-2003. It is agreed that the claims of US 5,967,714 do not suggest component I set forth in the instant claims and, therefore, do not suggest the instantly claimed copolymer, process for preparation or copolymer coating. Application Serial Number 10/070817, wherein the claims are drawn to a polymer blend wherein the antimicrobial polymer is obtained by polymerizing a monomer of formula I set forth in claim 1, has been allowed. However, the double patenting rejection set forth in the instant application is hereby withdrawn because the claims of SN '817 do not require or suggest copolymerization of the two different monomers set forth in the instant claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
